Annual Review Meeting on Student's Outcomes in Academics, Co-curricular, Extra-Curricular and Extension Activities and action taken during next Academic Session for achieving Excellence

Government College Seraj conducts an Annual Review Meeting to assess student outcomes in academics, co-curricular, extra-curricular, and extension activities. The meeting brings together faculty members, department heads, and administrative staff to evaluate the previous academic session's achievements and challenges. Key performance indicators (KPIs) such as academic performance, research projects, internships, placements, sports achievements, cultural events, and community service initiatives are scrutinized. Based on the review, strategic action plans are devised to achieve excellence in the next academic session. These plans focus on enhancing teaching methodologies, strengthening industry partnerships, increasing research collaborations, and expanding student support services. The college also sets benchmarks for student outcomes, faculty development, and infrastructure augmentation, ensuring continuous quality improvement and holistic student development.
