CRITERION 2- STUDENT SUPPORT, SERVICES AND PROGRESSION

2.1. Pre- and Post-admission Counseling

2.1.2. Pre-admission Counseling

Government College Seraj at Lambathach provides a comprehensive and well-structured pre-admission counseling framework to support students in choosing suitable academic programmes. Counseling begins well before the admission process and includes orientation on programme offerings, eligibility criteria, subject combinations, fee details, reservation policies, career opportunities, and required documentation. Faculty members and the Admission Committee work collaboratively to guide students through each step. During the session 2024–25, the college further strengthened its outreach by offering counseling through multiple communication channels such as physical help desks, telephone support, WhatsApp groups, and updated information on the college website and notice boards.

Teachers play a key role in helping students understand Programme Outcomes (POs), Course Outcomes (COs), and the academic expectations associated with each discipline. Students are also briefed on workload distribution, teaching methodologies, internal assessments, and attendance requirements to ensure that they enter the programme with a realistic understanding of the academic environment. Guidance is provided to assist students in filling out online admission forms, uploading documents correctly, and interpreting instructions issued by the affiliating university.

Through this structured pre-admission counseling system, the institution ensures that every student receives accurate, timely, and meaningful guidance, empowering them to make informed educational decisions and begin their academic journey with clarity and confidence.
