Today, NSS has more than 3.2 million student volunteers on its roll spread over 298 Universities and 42 (+2) Senior Secondary Councils and Directorate of Vocational Education all over the country. From its inception, more than 3.75 crores students from Universities, Colleges and Institutions of higher learning have benefited from the NSS activities, as student volunteers.

National Service Scheme provides the students an opportunity to understand the community; identify its needs and problems as well as the solutions in which they can be involved by assuming social and civic responsibilities. NSS also provides students with the opportunity to apply their education in finding practical solutions to the problems faced by the individuals and the community at large. NSS aims at raising the social consciousness of the youth with an overall objective of personality development through community service. NSS enables students to participate in various programmes of social service and national development, and to help the community.

There is half Unit (comprising 100 students) of NSS Functional in the college which actively participates in various social services. The NSS units of college perform regular activities in the campus and vicinity of the campus and a one week special camp is organized every year to develop moral and social values among students.
