CRITERION 3- ICT FACILITIES

3.3. Library Facilities

3.3.2 %age of Teachers using ICT Facilities

During the academic session 2024–25, Government College Seraj at Lambathach allotted more than five smart classrooms for regular teaching–learning activities. Faculty members extensively used these smart classrooms equipped with digital boards and screens for daily classroom instruction. In addition to smart classrooms, the conference room and ICT laboratory were also utilized from time to time for teaching purposes, including seminars, presentations, and interactive learning sessions.

The teaching staff regularly prepared PowerPoint presentations, shared YouTube-based educational links, and effectively used digital boards to enhance classroom delivery. As a result, more than 50% of the faculty members actively integrated ICT tools into their teaching practices. This consistent use of ICT facilities has strengthened blended learning, improved student engagement, and contributed significantly to the quality of the teaching–learning process at the institution.
