CRITERION 3- ICT FACILITIES
3.8. Computers
3.8.2   Usage of Computer Hardware

The institution has a **limited student strength**, which enables effective utilization of available ICT resources. With a **computer–student ratio of 1:16**, the college ensures that **each and every student has easy, timely, and adequate access to computers** for academic, practical, and skill-based learning activities. This favorable ratio facilitates smooth conduct of computer practicals, online learning, project work, and other ICT-enabled academic tasks without congestion or time constraints.

All the available computer hardware is **fully functional**, and **100% of the systems are in operational condition**. Regular checking, maintenance, and necessary technical support are provided to ensure uninterrupted usage and optimal performance of the hardware. The efficient availability and usage of computer infrastructure significantly contribute to enhancing **digital literacy, ICT competency, and overall learning outcomes** of students, while also supporting the smooth functioning of academic and administrative processes.
