CRITERION 5- BEST PRACTICES, INNOVATION AND INSTITUTIONAL DISTINCTIVENESS

5.2. Special Initiatives taken for

5.2.3. Rain Water Harvesting and its use for Gardening and Cleanliness

The waste management is one of the priority areas of this institute not only to help reduce the environmental degradation but also to conserve it for future generations. Rain water harvesting project has been implemented in the college. Water thus harvested is being used for watering the plants and gardens. Water collected through rain harvesting is reused for a variety of purposes in the institution for the benefit of one and all.
